**TelstraClear** Now's Good

# TelstraClear Next IP Network™ IP FeatureLine™

Improve the efficiency and effectiveness of your voice services with TelstraClear. Built on our Next IP Network™, IP FeatureLine™ offers a high quality analogue telephone service for your voice, fax and eftpos requirements.

## Recommended if you:

- Want a reliable, integrated service for voice, fax and eftpos.
- Want to customise the functionality of your telephone service with value-added Smartphone functions
- Require one transparent, fixed price monthly bill

TelstraClear IP FeatureLine is ideal for any business which requires a basic phone service, offering a core calling line for making and receiving calls, fax and dial-up data connections.

## Additional Features

TelstraClear IP FeatureLine is bundled with additional smartphone functions to help add value to your business.

- Network based speed dial (up to 100 numbers)
- Call Park
- Call Waiting
- Caller ID
- Last Number Redial
- Call forward, pick up and transfer

TelstraClear can also setup your service, so that your numbers are automatically pre-dialled in a chosen sequence;

1. Round-robin (if User A is busy, move to User B and so on)
2. Ring all users phones, first to answer gets the call
3. Ring the phone with the least usage in the day, so workload is automatically shared among all users equally

This optional function is available as standard with all IP FeatureLine connections.

## Your Competitive Advantage

### A pathway to the future

Being built on TelstraClear's Next IP Network means you can be assured of a high quality telephone service with assured performance and reliability.

### Flexibility

Customise the service with our variety of bundled smartphone features

## Key Features

- Easy connectivity for your voice calls – no rewiring required with your business premises
- Access can be bundled with calling plans
- Convenience – you don't need to change your handset or rewire the building.
- Greater efficiency - integrate you voice, data and fax applications into one phone system.
- Predictable – one transparent and fixed monthly bill
- Scalable – the ability to easily upgrade your service and functionality as your business requirements grow over time.

## Getting Started

To find out more about how TelstraClear IP FeatureLine can improve your business outcomes, please call us on 0508 555 500 or visit [www.nextip.co.nz](http://www.nextip.co.nz)

## Terms and Conditions

IP FeatureLine is only available on TelstraClear's own network with a TelstraClear phone line and calling plan. Please contact TelstraClear Customer Service or your Account Manager for more details. A Minimum 12 month contract term applies. Installation, Access, Calling and Early Termination charges apply. Standard TelstraClear Business terms and conditions apply.

This service is reliant on mains power. In the event of power outage, connection to Emergency Services (111) will NOT BE POSSIBLE. Please ensure you have an alternate means of contacting Emergency Services in case of mains failure.
